PartnershipBuilding Activity (PBA) "Young Social Entrepreneurs Network" will be held in Istanbul, between the dates 27 February - 05 March 2017.

The PBA aims, to bring together youth organizations from EU and neighboring countries in order to strengthen partnerships and develop new quality projects and combating youth unemployment.

The PBA will create a solid network partnership opportunity for newcomer organizations and representatives working under Erasmus+ program, where they will have a unique opportunity to share experiences of past projects, realized both within and outside the Erasmus+ framework.

Moreover, with this project we wish to raise awareness about entrepreneurship as a way to decrease youth unemployment level in partner's countries. Hence, one of the main aim of the activity is to develop the competences of youth workers in the topic of employability and social entrepreneurship and to develop methods for encouraging and empowering young people in their communities to take actions for positive changes in their local communities.

- ▶ To co-operation between projects partners, to enhance sustainable co-operation for further projects.
- ▶ To explore key concepts of Social Entrepreneurship and strengthen understanding of its influence on youth unemployment;
- ▶ To get familiar with data and identify common elements in youth employment that may explain the high rates of youth unemployment in partner promoter countries.
- ▶ To share experience of various countries with youth unemployment issue and share practices to overcome it effectively.
- ▶ To foster capacity building in youth organizations, through increasing participants' skills and knowledge or offering networking possibilities.
- ▶ Enable participants to create and conduct international projects in their home country.

We will explore this magical question during our project.

HOW WOULD IT BE POSSIBLE TO COMBINE CIVIC INTERESTS WITH ENTREPRENEURSHIP?
